

Subject: VA Flu Vaccination Clinic information - Please share

It's never too early to start thinking about receiving your annual flu shot, and with COVID-19 getting a flu shot is more important than ever. A flu shot is a safe way to help protect yourself, and those around you, from getting sick and having complications from flu. During the COVID-19 pandemic, it is especially important for all of us to do our part to help reduce the spread of the flu in our communities.
